Hi Michael, attached is a briefing request form on behalf of Ted.
I understand Stacey has blocked off time on Amy's calendar but we need to submit this request to firm it up. We will provide any briefing materials separately in advance of the mtg.
thanks!

Note: Clay will be travelling here in person for the mtg.

Howdy-

Great call! I learned so much. Below are tasks I captured.

Debra- draft NRCS letter; consider FSA approach

Clay- finish new mitigation framework; brief Amy on WAFWA math; develop SSA options paper (or Shawn or Debra?).

Seth/Susan- schedule 2 hour Amy briefing ASAP. Included will be 4-month plan, revised mitigation framework, WAFWA feedback, USDA strategy, SSA strategy, listing decision needs.

Ted- outline 4 month strategy, which includes (with revisions from all of you)...:

Tell WAFWA we disagree that thy have provided 5x the amount of mitigation needed for take permitted.

Deliver revised mitigation framework guidance to WAFWA, Manning, Walker & anyone else.

Engage NRCS and FSA & farm bill programs more successfully.

Hold DC meeting where Bernhardt tells industry, states, USDA & others what is needed - and it's what the Service says, hopefully.

Move forward in a timely manner with ESA process for LPC.

Thoughts?

Ted
